

## FT. ARMSTRONG SMALL CALIBER GUNS ARE FIRED

Harbor Entrance Fort's 3-Inch Battery Holds Target-Work Today; No Mine Practice

With its group of 3-inch guns, designated as Battery Theron, Fort Armstrong, at the Waikiki side of the entrance to Honolulu Harbor, concluded the regulation target practice of the Coast Defenses of Oahu this morning.

The battery, according to Capt. G. T. Perkins, C. A. C., the commanding officer, fired 40 shots at ranges beyond 3000 yards. The battery fired under the direction of 1st Lieut. Robert O. Edwards. Young Brothers' tug Makana towed the target.

Capt. Perkins said his fort will hold additional target practice before the close of this month, on two dates, August 24 and 28, with the 3-inch guns, the only ordnance possessed by Fort Armstrong, primarily a mine-fort, guarding the harbor entrance.

Target practice of the fort's mine equipment will not be held until next winter when a tug will tow a target over a mine field on the Waikiki side of the channel, and the fort will endeavor to explode mines directly underneath the target, which will represent an attacking vessel.

As a part of the general investigation being conducted by that body into the business of the Hawaiian Electric Company, Chairman Charles R. Forbes, Commissioner A. J. Glenz and Secretary Henry P. O'Sullivan of the public utilities commission, inspected the power-house of the corporation here this morning. The investigation was begun several weeks ago.

## POWER HOUSE OF HAWAIIAN ELECTRIC VISITED TODAY

The commission has decided to take up the switching charge controversy of the Hawaii Telephone Company and the Kohala Telephone Company August 28 at Hilo, following its hearing of the Hilo Electric Company at 10 o'clock the morning of that day in the Hilo Board of Trade rooms.

Commissioner J. N. S. Williams will go to Kohala following the Hilo hearings, and will there take up August 30 the general investigations of the business of the Kohala Telephone Company and the Hawaii Railway Company, Ltd., of Mahukona. These hearings the commissioner will conclude at the Kohala court house. Both investigations were begun some time ago.

## CHRISTIAN ENDEAVORS TO GIVE ENTERTAINMENT

This evening the intermediate department of the Christian Endeavor Society will give a concert at their clubhouse on the Kawaiahae church grounds. Musical numbers, vaudeville selections and other features constitute the program.

"The Chinese Laundryman," a vaudeville act, originated by Samuel Kahalewai, will be a "headliner" and will be handled by Kahalewai himself. Ukulele solos by David Bent will form a part of the program, while Hawaiian songs and selections by the society's glee club will add to the program.

Members of the entertainment committee are Miss Hattie Pauole, chairman; Samuel Kahalewai and Mrs. Kahalewai.

## LIQUOR BOARD PUTS PENALTY UPON SALOONS

License Commission Listens to Charges Against Dispensers of Liquor; Takes Action

At a meeting of the liquor license commissioners late Thursday afternoon the Progress saloon, the Aala saloon and the Alexander Young hotel were penalized. Other routine matters came up for discussion.

The Progress saloon was ordered to close its doors August 23, 24 and 25; the Aala saloon must suspend business August 23 and no liquor, except at meal hours in the cafe, can be sold by the Young hotel August 24.

The charge against the Progress and the Aala was selling liquor to men on the tabu list; that against the hotel of allowing disorderly persons on the premises.

In the latter matter testimony showed that it was the only time the Young hotel had been arraigned on such a charge or any similar one; that the disturbance which took place between two well known Honoluluans August 5 in the Young hotel bar happened there by chance and might just as well have taken place anywhere else.

Other matters which came before the board included a petition from E. D. Bolton asking for a saloon license at Watertown, beer to be the only intoxicant sold. A special report will be made on this matter.

The sale of intoxicating liquors was discontinued there last year upon request of military authorities on account of proximity to Schofield and the large number of disturbances there which were credited to booze.

The application of M. J. Gonsalves for a 3rd-class license to sell liquor at the feast of the Lady of the Mount in Kalihi next week was denied because the bishop had subsequently objected to the sale and had not yet given his approval.

The Kwong Chong Lung wholesale liquor house at the corner of King and Maunakea streets was officially and severely reprimanded by the commissioners for the lax manner in which it recorded liquor sales, especially the larger ones which the commissioners say might have gone to blind pigs under fictitious names. It was ordered to keep a more comprehensive record of sales.

Liquor Inspector William F. Fenigall reported the Pross saloon selling liquor to a man on the tabu list and a citation against that saloon to show cause why it should not be penalized has been issued.

William McFiege, petitioned for permission to move the Progress saloon from Smith street to 10 Hotel street and Fred Johnson, owner of the saloon at Honolulu, asked to be allowed to transfer his license to K. Take, a Japanese, and others. Both matters were referred to the liquor inspector.

## JAPANESE BANK MAY LOCATE ON QUEEN ST.

M. Kawakatsu, who will establish a Japanese bank in Honolulu for Baron Sumitomo of Osaka, has announced that he may secure a lease on the old Wilder Steamship Company building on Queen street, opposite H. Hackfeld & Company.

Kawakatsu announces that the prospect for a successful business here is unusually bright, and according to his statements, has received assurances that the financial institution will meet with success.

While bathing at Long Beach, N. Y., Edward F. Croker, former fire chief of New York, found the body of William Powell of New York, drowned a week ago.

## Street Gutters Run Deep With Flowing Booze

Bottles of Confiscated Liquors That Had Been Stored Broken to Bits

Down with booze—with a Carrie Nation war-whoop accompanying the gladsome refrain—rang from the lips of Bailiff Joe Nobriga and Police Clerk Jack Kalakela Thursday at the police station when the wrecking ax smashed into a hundred demijohns and bottles and flasks dumped into the gutter.

Red wine, "swipes," "square face," beer and unnamed intoxicants in deadly looking bottles, all ran riot in the gutter while some of the prisoners and trustees licked their dry lips and brushed away a tear which had sprung in sorrow from such a "shameful waste" of the flowing bowl.

For Nobriga and Kalakela had cleared out the dark closet wherein the confiscated evidence of many a liquor raid had been stored for months, even years, and the cobwebby containers were checked from the books and destroyed.

There were several quarts of perfectly good Remy brandy that surged to waste in the ruthless hands of the unsympathetic Nobriga, for he is not a drinking man, and one or two of the gin jugs still had an unbroken seal and bore the modest declaration "standard." Considerable "sake" was likewise "ditched."

"I wonder what would happen to a man if he were to mix a little out of each of those 100 bottles and drink it," said Sheriff Rose.

"I don't know," remarked Deputy Sheriff Aach, viewing askance the liquorous array. To Capt. McDuffie he said: "Have a drink, Mac?" and Mac said:

"No, thank you."

## MARKET STRONG BUT LESS ACTIVE

Trading on the exchange today fell off in volume considerably as compared to Thursday. Hawaiian Commercial especially continued in demand and it was said that there were still outstanding orders from the mainland for that particular stock.

Generally the market appeared to be stronger and firmer in its tone. Hawaiian Commercial rose from \$50.50 to \$51.50. Olan advanced an eighth. Other prices were Hawaiian Sugar \$45, Pioneer \$42, McBryde \$12, Wai-lua \$35.50, Hailu \$245, Kahuku \$21, San Carlos \$16.75, Hawaiian Pineapple rose to \$48.

In unlisted securities Mineral products rose from 93 to 95 cents, 2845 shares sold at the former price and 1100 at the latter. Tipperary sold at 9 cents for 650 shares and 700 shares of Mountain King sold at 60 cents.

## CITY AFFAIRS AND SUPERVISOR NOTES

Next meeting will be Tuesday. A. K. Vierra, superintendent of parks, reported expenditure of \$1043.71 during July.

A lone off Puna road above Puna lane was named "Liko lane" on request of a number of residents.

Final payment on the culvert under Nuuanu avenue, near the Country Club, of \$1167 to Harry Sands was authorized.

Emil Berndt of the civic affairs committee of the Rotary Club and A. F. Clark of the Ad and Kaimuki Improvement clubs were present.

An appropriation of \$3500 was made for the Waiwaha road. It is an advance against the money pledged by property owners along the road to be paid into the city treasury on completion.

Whether work is to be continued on the Hakipuu road was left for decision until the next meeting. A plant and organization that would cost much money to reassemble are there now, but if the work is continued some other city project will have to be dropped.

The auditor was authorized to draw warrants to satisfy the claims incurred by the Circuit Court during the first half of the year, amounting to about \$1500. The city attorney ruled that they could not be paid from the appropriation this half year. The money appropriated last night will come from funds appropriated for the courts by the Legislature, but not set aside for them by the supervisors.

Transfer of \$240 spent for advertising ordinances and resolutions having to do with the Lusitana Improvement project to the advertising fund from the engineering expense on the project was authorized last night. Supervisor Arnold protested that it had been charged to engineering expense by the auditor, when the money should have been taken from the other fund. He was supported in his stand.

Request of A. F. Clark, a committee of one from the Kaimuki Improvement club, for janitor's quarters on the Liliuokalani school grounds, was taken under consideration by the parks committee, with the promise that a building would be erected if possible. Clark thanked the committee in the name of the club for the tree planting and other improvement work done around the school. Then he thanked the road committee for the work on a drainage survey it is doing in the district.

The Pina Canyon & Bingham Tunnel Co. has been incorporated with a capital stock of \$1,500,000.

Save Eyes, Granulated Eyeballs, Eyes inflamed by exposure to sun, dust and wind quickly relieved by Murine. No smarting, just Eye Comfort. At your Drug Store or by mail, 50c per bottle. For Book of the Eye Free, ask Murine-Eye Remedy Co., Chicago.

## PLAN TO TAKE OZAWA'S CASE TO HIGH COURT

Clemmons Allows Exceptions to His Decision Denying Citizenship to Japanese

Clearing the way for taking the now famous case of Takao Ozawa probably to the court of appeals of the ninth circuit, Federal Judge Charles F. Clemmons has allowed Ozawa, through his attorneys, exceptions to the recent decision holding that alien Japanese are not qualified to become citizens of the United States. This action has been approved by U. S. Attorney S. C. Huber.

Ozawa's petition for citizenship was denied by Judge Clemmons, the decision citing numerous reasons for the action. Principally among them was the contention that Ozawa, as a Japanese, was not a "free white person" or "a person of African descent or nativity."

The exceptions say, in part: "The applicant had for 20 years continuously resided in the United States, including the last nine years' residence in Hawaii. He graduated from the Berkeley, California, high school, and was for nearly three years a student at the University of California, until it was closed by the earthquake of 1906. He has educated his children in American schools and he and his family have attended American churches and he has maintained the use of the English language in his home. He presented two briefs of his own authorship, which are ample proof of his qualifications, by education and character."

"The court found that the contention of the United States district attorney is correct and that, although the applicant was eligible for citizenship in every other respect, yet having been born in Japan and being of the Japanese race, as a matter of law he was not eligible to naturalization, and denied the petition, to which the petitioner excepted."

Ozawa is represented by the law firm of Castle & Worthington and Attorney J. Lightfoot.

## TWO LIVE TEDDY BEARS OBTAIN HONOLULU HOME

Two real live Teddy Bears were purchased today by Richard Trent from Ellis S. Josephs, the world famous wild animal collector who passed through here on the Niagara today with hundreds of animals and thousands of birds.

These two bears were captured in Queensland, Australia, and are full grown, although only a little over two feet in length and in appearance can hardly be told from the rag affairs sold in the stores at Christmas time. They also have the peculiarity of carrying their young in pouches as do the kangaroos.

In times of peace London contains 16 embassies and legations representatives of foreign countries.

## Going It Too Hard

We are inclined nowadays to "go it too hard" to overwork, worry, eat and drink too much and to neglect our exercise, rest and sleep.

This fills the blood with uric acid. The kidneys weaken and then it's a siege of backache, dizzy, nervous spells, rheumatic pains and distressing urinary disorders. Don't wait for worse troubles. Strengthen the kidneys. Use Doan's Backache Kidney Pills. What they have done for so many thousands of sufferers they should do for you.

"When Your Back is Lame—Remember the Name." DOAN'S BACKACHE KIDNEY PILLS. Sold by all druggists at 50c a box (six boxes \$2.50), or mailed on receipt of price by the Hollister Drug Co., or Benson, Smith & Co., agents for the Hawaiian Islands.

In a wireless message to his brother, Chester, J. Walter Doyle, well-known in Honolulu, says he has been installed as manager of the Arcadia theater at Detroit, Mich., the largest playhouse in that city. Doyle left Honolulu on July 25. "Prospects are better than anticipated," he says in the message.

## YOUR BRONCHIAL TUBES

When a cold settles in the bronchial tubes, with that weakening, tickling cough, immediate treatment is very important. The breath seems shorter because of mucous obstructions; usually fever is present, your head aches with every cough and your chest may ache. This is no time for experimenting or delay—you must get Scott's Emulsion at once to drive out the cold which started the trouble, and it will check the cough by aiding the healing process of the enfeebled membranes.

If you have any symptoms of bronchitis, or even a stubborn cold, always remember that Scott's Emulsion has been relieving this trouble for forty years. It is free from alcohol or drugs. Refuse substitutes.

Scott & Bowne, Bloomfield, N. J. 15-25

## ROYAL BAKING POWDER

GRANT PETERSON  
SECOND TRIAL ON  
USURY CHARGES

By virtue of a decision of the supreme court handed down Thursday W. L. Peterson, convicted of usury and sentenced to three months in prison, is granted a new trial and the verdict of the jury in the lower court is ordered set aside. Peterson took exceptions to the verdict of the jury and carried his case to the higher court, his exceptions being sustained in the decision.

Peterson contended that he had not been given a fair and impartial trial, alleging that the court was partisan in the conduct of the trial, that it incorrectly construed the usury law, and that evidence was shut out which might have been in favor of the defendant. The supreme court decision says, in part:

"It is the duty of a trial judge to demean himself in the way that the law intends—to act as a fair and impartial arbiter between the parties—taking sides with neither and abstaining from remarks and actions that will tend to impress the jury with the idea that he is anxious to see one of the other side succeed. Juries are wont to bring in the verdict that the judge seemingly desires, that they should find, hence nothing should be done which indicates the verdict that the court thinks or desires should be found by the jury, and this is especially true in a criminal case."

In times of peace London contains 16 embassies and legations representatives of foreign countries.

## A Big Part of the world

## Knows Grape-Nuts

not alone for its delicious, nut-like flavor, but more for its wonderful nerve and brain making, bone and muscle building qualities.

Grape-Nuts supplies certain essential elements abundantly stored in the field grains, but which are lacking in many foods. Especially is this true of foods made from white flour, because in making flour white the larger part of the energizing mineral elements are thrown out in the milling process.

Made of whole wheat and malted barley, Grape-Nuts supplies all the rich nourishment of the grains, is long baked and rendered quickly digestible, and yields a big return of brain, nerve and muscle energy.

Wherever you go you'll find Grape-Nuts.
